Practice 1 Shell scripting chapter 1

A terminal window with a dark background and light-colored text. The window title bar shows 'ilovetrains28@cis106: ~' and standard window controls. The terminal content shows a user running a script, which prints three lines of text: 'Hello world', 'I am learning Linux', and 'This is my first shell script'. The prompt returns to the user.

```
ilovetrains28@cis106:~$ bash ~/scripts/hello.sh
